

John Hinton

DIRECTOR OF MIDWEST OPERATIONS

John Hinton has 29 years of experience in both architectural and construction project management. John has served as a Principal-in-Charge on major new construction projects as well as additions and renovations. He has a strong focus on project management, conflict resolution, programming, quality control and code review. John’s project experience includes retail, healthcare, office, multi-family residential, movie theaters and sports stadiums. For the past 18 years his efforts have focused on resort, hotel and gaming facilities nationwide.
